Our Junior Varsity just escaped the rain, which threatened on the starting line. You ran a good race. Depth-wise we did lack a little ~~but~~ up front. It was clear throughout that you were the winner.

I hope each of you is aware that this is the 19th straight League Championship for San Marino. You have upheld quite a record. Congratulations!

Each of you Juniors can see the challenge that awaits us next year! With total team dedication we can meet this challenge. Right now let's not overlook this year's victory. You have started each meet this season with a victory for San Marino. That has meant more than you can realize.
