Very special CONGRATULATIONS TO our VARSITY TEAM for winning the Rio Hondo League Championships for the 3rd Consecutive year. The rain came right after your race and thereby took from your victory by ~~canceling~~ eliminating the Awards presentation. I do hope each of you felt the sense of satisfaction a team of your calibre should feel. You have been the class of the League since you were Freshmen - how many teams in any League can say that. Now on ~~the~~ to C.I.F. It'll take 7 runners to win it. I believe we have them! Our 5-man gap was 25 secs, the best all season. This is our real strength.
