For our Girls team

For our Girls this was a super victory. We went into this meet without two of our top seven runners, another just coming off flu. It poured rain right from the start. As a team you did an excellent job under adverse conditions. Think about it: We had all Freshmen and Sophomores against a very experienced, Senior-dominated La Canada team. We beat them in the most trying of circumstances. This is the sign of a truly great squad; to perform so well under tough conditions. You had pressure on you. You are to be congratulated for your team effort. The rain robbed you of some public recognition at an awards presentation. Don't ever forget this victory - don't take it for granted.

Congratulations to our Junior Varsity team also for coming back off the dual-meet loss to La Canada and soundly defeating them in the BIG ONE. The Freshmen team really stands out in this Junior Varsity victory. Freshmen, you have had a super season!

Let's use the same determination in C.I.F. We're still in the fight for first.
